

ABSTRACT OF THE DISCLOSURE

5 A printing system includes a printing  
apparatus, a terminal apparatus for transmitting and  
receiving information, a notification part notifying  
a user of the printing apparatus of information on  
authority of the user to use the printing apparatus,  
and a network connecting the printing apparatus, the  
terminal apparatus, and the notification means so  
that information transmission and reception in the  
10 system is performed through an electrical signal via  
the network.
